Cost and Payment: Drum lessons will be given at a cost of \$13 per half hour, or a flat fee of \$50 per month per student (four half hour lessons per month). After the first half hour, the student will be billed at quarter hour increments. For example, if lessons had been scheduled for a half hour, but the total time is 37 minutes, then the parents or guardians will incur a charge that day of 45 minutes equal to \$16.25 per student. Charges will be calculated daily. It is important that payments are made in a timely manor according to the agreement made with the instructor.

Schedule: Drum lessons will proceed on a regular program that is scheduled in advance with the student and parent/guardian. This program is subject to change. The instructor will notify the parent/guardian of such changes.

Fees: Any change in scheduling by the student or parent/guardian will need at least 24 hours of notice. Any changes made closer than 24 hours in advance can cause a penalty fee of \$5 per incident. No shows on a date that is planned, without notice to instructor, will result in the full price of scheduled lessons for that day. Any late payments, without notifying instructor about the late payments, will result in a fee. Costs will be totaled up weekly.

Rights: Instructor reserves the right to temporarily discontinue or terminate student's enrollment at any time. If payment is not received when agreed upon, the instructor has the right to discontinue any lesson until payment has been made.

Failure by the student and/or parent/guardian to adhere to the policies listed here may result in termination of lesson time slot and/or discontinuation of lesson at the discretion of instructor.
